

ROGERS PRESENTS THE FABULOUS...

# Swiv-O-Matic

## DRUM EQUIPMENT

### SHELL MOUNT AND HOOP MOUNT MODELS

#### FEATURES...

- ★ **ALL-DIRECTIONAL**  
Ball and socket construction permits positioning in any playable height or angle.
- ★ **INTERCHANGEABLE**  
Permits switching of tom-tom, cymbals, etc. from one location to another.
- ★ **FAST SET-UP**  
Standard drum key is all that's needed for fast set-up or knock-down. No special tools required.
- ★ **WISE-LIKE GRIP**  
Specially designed collet unit provides positive, secure locking.
- ★ **HEX SHAFTS**  
Prevent turning and provide strength and elegance.
- ★ **HIGH GRADE STEEL**  
All parts are fabricated from high grade steel.
- ★ **DELUXE CHROME PLATED**  
All SWIV-O-MATIC units are highly polished and Deluxe Chrome-plated to sparkling brilliance.
- ★ **FITS ALL DRUMS**  
Designed to fit all makes and models.
